

Are you a senior, living in the Broadmoor neighbourhood?

Would you like to participate in a fun and meaningful way in your neighbourhood?

We're looking for 12 residents aged 55+ to take part in a Neighbourhood Group to identify ways to make the Broadmoor neighbourhood more age-friendly.

Age-friendly neighbourhoods support seniors with wide-ranging needs, resources and preferences to remain healthy, active and engaged.

Members of the group will:

- Meet five times between April and June
- Learn about age-friendly community planning and programs available to seniors in Richmond
- Identify and discuss structures and services in the Broadmoor neighbourhood that support or act as barriers to healthy aging

Refreshments will be provided.
